

Ace survived once. This time, survival isn't the point anymore.

The anomalies are no longer isolated events. They linger. They adapt. They watch.

Ace and Mai are drawn deeper into a reality that refuses to stay stable. What once felt like external threats now bleed into memory, silence, and identity itself. The line between containment and collapse grows thinner with every encounter.

Ace 2 is a darker, heavier continuation of the story — less about discovery, more about pressure. The bond between Ace and Mai is tested not by doubt, but by endurance. By how much weight two people can carry before something inside them fractures.

There are no clear answers here. Only escalation.

This is not a standalone story. Ace 2 continues directly from Ace - The Demon Huntress and deepens its world, its characters, and its consequences.

Dark urban fantasy meets cosmic horror, where silence is never empty — and survival always has a cost.
